

Sports and Outdoor Equipment Rental Agreement

This Agreement is between the Lessor and the Renter identified in the Parties section.

1. Rented equipment

The Lessor rents _____ (the "Equipment"). Any additional description, size, accessories, protective gear, condition notes, or photographs are recorded in the Details, Items, and photo appendices when supplied. The Lessor must disclose known limitations and provide Equipment that is reasonably fit and safe for the stated purpose.

2. Period and rental fee

The rental period is _____ and the fee is _____. The Parties should agree before handover on pickup, return, any deposit, and any specific restrictions or included accessories. Changes to the period require agreement.

3. Appropriate use and ability

The Renter must use the Equipment only for its intended sporting or outdoor purpose, follow instructions and relevant local rules, and ensure that each user has the ability and training reasonably necessary for the activity. Equipment that requires a licence, supervision, or a qualified instructor may be used only if those requirements are satisfied. The Renter must not knowingly permit unsafe or impaired use.

The Renter should choose conditions suitable for the Equipment and the user's experience, including weather, terrain, visibility, and water conditions where relevant. The Lessor's instructions cannot replace the Renter's own reasonable assessment of conditions. The Equipment must not be substantially modified, sublet, or used in a prohibited activity without permission.

4. Safety and maintenance

Before each use, the Renter should check for obvious defects, unsafe fastenings, or damage. Appropriate protective equipment must be worn where required by law, the activity, or the supplied instructions. Use must stop if the Equipment becomes unsafe. The Renter must tell the Lessor promptly about defects, accidents, or loss; repairs require consent except for urgent precautions reasonably needed to reduce danger.

5. Damage and loss

The Renter must take reasonable care of the Equipment and protect it against avoidable loss or theft. The Parties should inspect and record condition at handover and return. Any financial responsibility for loss or damage depends on fault or another lawful basis, evidence, and applicable law. Normal wear and pre-existing defects are not chargeable as damage.

6. Conditions preventing use

If a defect or unsafe condition prevents the agreed use, the Parties will discuss safe alternatives, replacement, or other remedies available under applicable law. The Renter must not be required to use obviously unsafe Equipment to preserve a booking or avoid a charge. Liability that cannot legally be excluded remains unaffected.

7. Return and settlement

The Equipment and all supplied accessories must be returned on time and reasonably clean, allowing for normal use. Reasonable costs for missing items or damage may be claimed only when properly justified. Any deposit must be accounted for and returned in accordance with applicable law.

8. Full record

The completed Details, Parties, Items, and photo appendices form part of this Agreement. Mandatory legal rights prevail over any inconsistent provision.
